GENERAL TEAM INFORMATION

For 2024, Triangle is planning up to **THREE (3)** competitive teams in the 17s age division:

USAV age eligibility criteria: 17 & under = player who was born on or after July 1, 2006

Team Roster Size: Target roster size is 10-11 players per team. Practice Player positions will be considered for national teams in every age level if circumstances make the most sense for the team.

At Triangle, we are fortunate to have over ninety (90) coaches whose talent and experience is among the very best in the nation. Each Triangle team is assigned a **unique** and **dedicated** coaching staff which allows them to be squarely focused on their group of athletes and not burdened by coaching multiple teams and dividing their attention. Our coaches, first and foremost, commit to their team’s training and development.

OUR PRIORITIES

Junior club volleyball has become increasingly popular, competitive, and expensive. Each season we seek to provide athletes exceptional training and competition. What's more, we have and continue to set the standard in North Carolina for team performance nationally and athlete collegiate placement at the highest levels. We don't believe more is *always* better. Instead, we consider numerous priorities when planning our training and competition schedules. These considerations include:

- **Athlete health and wellness** considerations which includes minimizing injury risks in a sport ever increasing in speed and physicality, supporting optimum training mentality while reducing the risk of sport burn out.
- **Cost** – club volleyball is *expensive*. Every added qualifier or 3-day event equates to a minimum of \$1500 out-of-pocket for families in travel costs alone (that's just for one parent and one athlete's-air travel, one shared hotel room and meals). Should other family members travel the number simply grows.
- **Time & Balance** – we believe athletes train and perform better when they have a reasonable life balance between sport, school, social and family responsibilities.
- **Coach Retention** – we maintain a large and capable coaching staff (ca. ninety strong) and new coaches to the area look to Triangle first. Offering practice and competition schedules that allow our staff to continue to coach and maintain an acceptable work–family–coaching–life balance helps keep our coaches on the court and able to offer our best training.

WHY TRIANGLE? - we don't make *claims* to be the best. Instead, we let facts speak for themselves. Additionally, we believe those athletes who truly want to be their best and reach their potential will choose to seek out a club with proven excellence in both training and team performance.

SUCCESS – Triangle leads all North Carolina clubs having won 27 of the 40 ever OPEN level USAV Nationals qualifications achieved in our region. Additionally, year-after-year we lead the region in the number of qualified teams for USAV Nationals.

- In 2013, the [US Club Rankings](#) were established. Triangle has been on the list as a TOP 50 club nationally since the list was founded and has always been the top ranked club in both North and South Carolina since the list was founded.
- Triangle has also led our region in individual athlete recognition. In 2023 we had countless USAV, PrepVolleyball awards including 6 JVA All-National team members, about a dozen USAV NTDP invitations, and more.

COACHES & TRAINING – our staff is extremely experienced, talented and have proven records of success.

- Current or former Collegiate Athletes.
- 12 coaches with one or more qualifications to USAV Nationals. 10 with one of more of those at the OPEN level.
- Each team has a **unique and dedicated coaching team**.
- **Position-Based Training** is part of regular weekday practices and led by numerous Triangle's position-specific experts.
- Triangle's new **Technical Coordinator** will oversee HUDL Assist technology to advance athlete development and support team success.

RECRUITING SERVICES – Triangle's athlete placement is unmatched in the Carolinas.

- 218 DI Recruits with 49 of those in the past 5 years alone.
- In Fall, 2023 there will be 68 Triangle athletes on collegiate courts (37 Division I, 11 Division II, 20 Division III)
- Triangle's dedicated Recruiting Director ([Tammi Fries](#)) helps Triangle athletes effectively navigate the recruiting process and utilize recruiting tools to achieve their goals of playing at the next level.

AND MORE...

- **State-of-the-art facility with orthopedic subfloor** that provides superior impact reduction, thereby reducing injury risk and fatigue common in other surfaces.
- [Award-Winning Injury Prevention program](#) and On-Site Physical Therapy Clinic and Free Athlete Injury Screens.

**each team's actual training elements will vary depending on the team age and competitive level.*

17S PROGRAM COST DETAILS

Triangle's costs are derived from two (2) components, **DUES + UNIFORMS**. Triangle exclusively utilizes FAMILY-directed travel club-wide with club dues including all costs associated with coach travel and pay for teams' events.

FAMILY-DIRECTED TRAVEL PLAN – relies on parents' (or designated guardian) to accompany, arrange and pay for their athlete's transportation, meals, lodging, and supervision for the entirety of the trip. Most events have Stay-to-Play requirements meaning the athletes will lodge with their parent, guardian, or teammate(s) at the expense of parents in hotel room blocks secured by Triangle through the tournament's mandatory booking service.

MORE DETAILS:

- **COSTS:** Transportation and lodging expenses for athletes are not included in club dues. Instead, families will pay for expenses related to their family hotel room, athlete transportation, and food needs of their athlete on each trip. All costs associated with coach travel are already included in dues so there will be no separate travel assessment for each trip.
- **TRANSPORTATION:** For trips that would typically involve a flight. Parents should secure flights well in advance as flights become limited in availability and higher in cost as events approach.
- **LODGING:** Triangle will continue to provide lodging support to families using its long-standing relationships with tournament hosts, booking services and hotels. Given the extensive use of Stay-to-Play policies by event organizers, Triangle will secure hotel blocks at competitive rates for all families. Families are expected to book at the team hotel unless given prior approval to make alternative arrangements.
 - **TEAM-BASED** lodging – we know some athletes prefer to room together (and parents prefer to have their own room). Should this be your preference, parents can work together to secure an additional room in the Triangle team block for their athlete and teammate(s) to lodge together. Athlete supervision is the parent's responsibility.
- **FOOD:** Each athlete's parent or designated guardian is responsible for their athlete's food needs including snacks and a healthy meal while playing. Team dinners may be arranged during a trip with each individual responsible for their meal.
- **TEAM ACTIVITIES:** these activities often create great team memories and can be arranged with consideration of the competition schedule. Any cost associated with these activities will be the responsibility of each family. Families are encouraged to take the lead in planning these activities.
- **SUPERVISION:** Once team competition, officiating responsibilities and any team activities are complete for the day the athlete will be under the direct supervision of their parent or designated guardian.

17S EVENT/TOURNAMENT SCHEDULE

When choosing events for our teams each season we keep the following things in mind:

- First and foremost, we seek a competitive schedule that is both age and level appropriate.
- We are fortunate to host multiple highly competitive “home” events (City of Oaks Challenge, MAPL Raleigh) that have the distinct advantage of requiring zero travel or added expense for Triangle families.
- Our schedules seek to respect and find a balance that makes sense for competitive youth sports and considers the financial burden on club volleyball families, missed days of school and the academic stress felt by student-athletes and the overall mental wellness of our athletes.

Competitive divisions at national qualifiers: generally speaking, teams will be entered as follows: Black = Open; Blue = USA; White = Liberty. Teams performing above these levels may have opportunities to play in a higher division.

- ▲ Events listed as 'optional' are not included in pricing. Participation will be determined after the season is underway.
- ▲ **USAV Junior Nationals** – there are no extra costs payable to Triangle associated with participation in USAV Junior Nationals.
- ▲ **School Absences**-missed days from school for travel tournaments is common and relies heavily on the athlete's school system's calendar and trip transportation schedules. For planning purposes, allow 1-2 days missed for each three-day event when a school holiday is not utilized.
- ▲ **SAT/ACT Test dates** – some events will conflict with SAT and/or ACT test dates so scheduling testing for those days is to be avoided to ensure team viability.
